STUDENTS
ASSOCIATION

2026 SPONSORSHIP PROSPECTUS

We are the largest community of Computing students at Curtin University.

We are on a mission to support the next generation of Computing innovators by engaging students with industry in our educational, social, and industry events.

ABOUT COMSSA

About Us

The Curtin Computer Science Students Association (ComSSA) is a Curtin University Guild academic and social club with 485 members who are studying computing, computer engineering and computer networking.

Our Aims

1. **To build a sense of shared purpose and collegiality** by helping computing students to meet and connect with other students, Curtin alumni and ComSSA industry partners with our community and social events
2. **To further students' professional development** by providing computing students with industry networking opportunities, workshop resources and exposure to industry-relevant technologies

Educational

Networking

Social

Our Events

Our events are tailored to maximise the engagement between our members and industry partners, and **we are open to suggestions that cater to our sponsors' needs.**

OUR 2025 EVENTS

SEMESTER ONE

GUILD O-DAY 1
GRILL THE DEPARTMENT
VM WORKSHOP 1
BOARD GAMES NIGHT 1
TALKS FROM THE INDUSTRY 1
INTERNATIONAL NIGHT 1
GIT WORKSHOP
VISAGIO WEB DEV WORKSHOP
AMAZING TECH RACE
PYGAME WORKSHOP
LAN NIGHT
COMSSA HACKATHON 1

SEMESTER TWO

GUILD O-DAY 2
BOARD GAMES NIGHT 2
WAN NIGHT
VM WORKSHOP 2
PYTHON WORKSHOP
INTERNATIONAL NIGHT 2
VISAGIO DOCKER WORKSHOP
TALKS FROM THE INDUSTRY 2
NETWORKING SUNDOWNER
COMSSA HACKATHON 2

OFFICE BEARERS

Meet the President: Justis Koh

Hello! I'm Justis Koh, acting as the 2025 President for ComSSA and currently in my final year of Software Engineering. I first became involved with ComSSA in 2025 as the Tech Coordinator and Vice President. I believe in collaborative leadership and in building a stronger, more connected student community. I aim to support both the committee and students as best I can, ensuring ComSSA remains an inclusive, engaging, and empowering space for everyone involved.

Meet the Vice-President: Jerry Zhang

Hi! I'm Jerry Zhang, the Vice President for ComSSA in 2026. I'm studying Mechatronics and Computer Science in my second year, and I started helping out in the committee as a first year in 2025. Initially I thought the club was for the technical growth of computing students, but instead I found that we run huge social and networking events alongside technical ones, appealing to all students, and I'm excited to give back and support the wonderful community that this has created.

Meet the Treasurer: Chao Cherng Lee

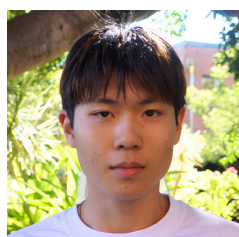

Hey! Chao Cherng here (people call me Lee!) :-> I'm the 2026 treasurer for ComSSA and a second-year Software Engineering student. Even though I joined the committee just last semester, it's already become a place where I've grown a lot and met people who genuinely inspire me. In the year ahead, I hope to help others feel the same sense of belonging I found here, and to share my excitement for everything tech

Meet the Secretary: Thomas Han

Hello - I am Thomas Han, the Secretary for ComSSA in 2026. I am currently a second year student studying Mechatronics Engineering and Computer Science. I have been involved with the committee since my first year, and was able to make a lot of new friends and gain invaluable experience. In 2026, I hope to continue growing the community and supporting the team through clear communication and organisation. I look forward to contributing to our community and helping make this another great year for ComSSA!

EVENTS AND INCENTIVES

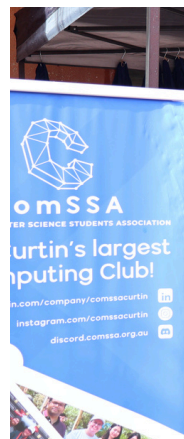

Curtin Guild Orientation Day

2025 Highlights:

- 270 Total ComSSA membership signups
- Biggest opportunity to meet members and promote sponsors (e.g. displaying merch)

Guild O-Day is a biannual event held during orientation week each semester, where thousands of new and returning students are given the opportunity to discover the wide range of services offered by Curtin. Any merchandise provided by sponsors (stickers, bags, shirts, etc.) will be displayed prominently at ComSSA's stall, and are provided for free to students who join the ComSSA community.

EVENTS AND INCENTIVES

Talks From The Industry

2025 Highlights:

- Hosted diverse panel from public and private sectors, featuring Kate Kirwin (founder of SheCodes), tech professionals from AWS and Bankwest
- Sold 61 tickets, and enabled students to network with speakers over food and beverages

Talks From The Industry is an educational event, which allows students to learn about the business represented by our sponsors, build networks and find potential careers in the industry.

EVENTS AND INCENTIVES

Technology Workshops

2025 Highlights:

- Ran 5 technical workshops, covering production-ready tools such as Git, VM, and Docker.
- High demand for sponsor-run workshops (80%+ of ticket allocations sold)
- Workshops attracted significant numbers of first-year and non-computing students, who reported high satisfaction with both workshop structure and content relevance

Technology workshops involve industry representatives delivering industry-relevant technologies to our students face-to-face, such as Git/GitHub, Virtual Machines and Docker. These workshops may run for up to 2 hours, and requires sponsors to have a practical element for students to engage with (such as worksheets).

EVENTS AND INCENTIVES

Networking Sundowner

2025 Highlights:

- Sold 69 tickets to diverse student audience (studying undergraduate & postgraduate computing degrees in IT, Software Engineering, Data Science)
- Talks from 8 Industry Professionals & Leaders in Software Engineering, Consultancy and Curtin University

Networking Sundowner is one of our most anticipated industry events in the year, and provides networking over food and drinks. Company representatives can expose students to industry through presentations and one-on-one conversations, making our Networking Sundowner a great opportunity for students to know what programs are offered by industry.

Do you want to purchase a one-off sponsorship slot just for our Networking Sundowner? Ask us about purchasing a speaking, catering or venue sponsorship slot!

EVENTS AND INCENTIVES

Amazing Tech Race

2025 Highlights:

Runner Up: Club Event of the Year (Awarded by Curtin Student Guild)

- 15 challenges of varying difficulty (programming, code cracking, and more)
- 13 teams (4 teams comprised of only 1st year students)
- 80 tickets sold (94% tickets sold)

The Amazing Tech Race (introduced in 2023) is a fun, dynamic competition where teams of students compete against each other through a series of challenges that test problem-solving, logical deduction and technological proficiency. Company representatives can network with students during and after the event, and offer valuable insights to aid them with their challenges.

Do you want to purchase a one-off sponsorship slot just for our Amazing Tech Race? Ask us about purchasing a prize, mentoring or catering sponsorship slot!

EVENTS AND INCENTIVES

Hackathon

2025 Highlights:

- Largest number of registrations ever: 125 registrations of interest from TAFE, inter-university and high school
- 63 participants in 11 teams competing for a prize pool worth \$4,500
- Mentors and Judges from Microsoft, Bankwest, Curtin University, Deloitte, Visagio, Western Australian Data Science Institute Hub
- Challenges included solving logistics issues, monitoring health metrics within a community and creating sustainable power transmission systems

Our 3-day Hackathon is the largest event of the year, and provides students of all disciplines with an opportunity to learn, collaborate and solve problems.

ComSSA's Hackathon Team devise and release the problem statements, and participants are tasked with brainstorming, developing and pitching their solutions to a panel of industry judges. Our sponsors are primarily involved as industry mentors to help students to create an innovative solution with their expert knowledge, as well as on our panel of judges for the final presentations.

Do you want to purchase a one-off sponsorship slot just for our Hackathon? Ask us about purchasing a mentoring/judging or catering sponsorship slot!

ANNUAL SPONSORSHIPS

As a not-for-profit club, we use revenue generated from sponsors and memberships to subsidise member tickets to social and industry networking events. This encourages students from all computing streams to attend.

Please note that the below annual sponsorship packages are pro rata, and we provide flexibility to accommodate and negotiate individual sponsorship slots (prize, catering, venue and/or speaking) at our industry networking events.

	BRONZE (8 slots)	SILVER (4 slots)	GOLD (2 slots)
BENEFITS			
Promotion of your merchandise and advertising equipment at our events	✓	✓	✓
A speaking slot at Talks from the Industry Round Two event.	✓	✓	✓
Advertising posts on the ComSSA Discord and LinkedIn page at your request *	✓	✓	✓
Job advertising slot on ComSSA's monthly newsletter	✓	✓	✓
Seating and a speaking slot at our Networking Sundowner event	✓	✓	✓
Mentoring slot at the ComSSA Hackathon		✓	✓
Host a technology workshop of your choice		✓	✓
A guaranteed facilitating slot in our Amazing Tech Race event			✓
Judging slot at the ComSSA Hackathon			✓
COST	\$1,500	\$2,000	\$2,500

* Up to 2 advertisements can be be posted per month.

Let's Get in Touch!

We can discuss individual options, answer any enquiries you have and provide you with more detailed information about our sponsorship packages!
